Presskit | Alissa

Biography

Time passes, the clock keeps ticking.

Alissa can elicit emotions from it where others only hear the ticking of the clock. With her distinctive minimalist selections, she fills dark spaces with light. This results in timeless sets, whether early in the morning in the basement or at sunset at Katzensee. Coming from the border triangle near Basel, she has been traveling the booths of our latitudes since the mid-10s – always with a lot of love and passion for music. She established her musical roots at Elysia Basel and found her musical family with the Basel based collective LOKD. Two connections that have now grown into inseparable elements of Alissa's creative process.
